

Drymec

Breathable compressed air

Drymec Ltd offers a range of wall or floor mounted breathable air products to suit 2 and 4 man breathing air installations. These packages are designed to provide air quality better than that required in BS4275:1997 but will not remove certain gases such as carbon monoxide and carbon dioxide.

Model	conn ⁿ	Flow rate		N° of outlets
		cfm	l/min	
BA20W	1/4"	15	425	2
BA20WH	1/4"	15	425	2
BA20F	1/4"	15	425	2
BA20FH	1/4"	15	425	2
BA30W	3/8"	30	850	4
BA30WH	3/8"	30	850	4
BA30F	3/8"	30	850	4
BA30FH	3/8"	30	850	4

Filtration grades 0.01 micron and activated carbon

BA20W or BA30W Wall mounting option
BA20WH or BA30WH Wall mounting with compressed air heater
BA20F of BA30F Duplex filter mounted in frame
BA20FH of BA30FH Duplex filter & heater mounted in frame

Options Stand alone frame, low pressure audible alarm, regulator and gauge, manifold (two or four port).

Warning: Breathing air systems are designed to offer the user protection in potentially harmful environments, as such it is imperative that these products are correctly installed and properly controlled by a competent person. Proper control means the equipment installed should be fully checked prior to every use, should any fault be discovered it must be repaired or the failed component replaced to guarantee full working order before use.
