

# Drymec

## Replacement cartridge element

The replacement elements offered by Drymec Ltd are manufactured to fit the Denco CF 200 and CF 1000 condensate separators and are designed to have at least the capacity of the original units.

The high capacity filling guarantees efficient separation and long element life.

The filters have internal baffles to effectively distribute the condensate.

Drymec reference	Replaces
BSCF 200	RCE 200
CF 400	CF 400
BSCF 1000	RCE 1000

Manufacturers names and part numbers are for reference only. Drymec replacement elements are not original manufacturers product.
